Team ID	PNT2022TMID18620
Project Name	DemandEst-AI Power Food Demand Forecaster

Project Objectives

By the end of this project:

- You'll be able to understand the problem to classify if it is a regression or a classification kind of problem.

- You will be able to know how to pre-process / clean the data using different data pre-processing techniques.

- You will able to analyze or get insights of data through visualization.

- Applying different algorithms according to dataset and based on visualization.

- You will able to know how to find accuracy of the model.

- You will be able to know how to build a web application using Flask framework.
